AsOne Theatre Company

commissioned by HMP Guys Marsh

invite you to find out about an exciting project for you

11.00 a.m. Mon 31 July 2017

The Chapel HMP Guys Marsh

A presentation of a project:

## **A LIFE WITH SUBSTANCE**

*...the whole truth and nothing but the truth...*

We invite you, the men and staff of HMP Guys Marsh to a presentation introducing an exciting three-month project happening here in Guys Marsh producing *your* stories as a piece of legacy theatre.

The project itself commences mid-August - facilitated with the direction of AsOne Theatre Company - well known for developing plays from real stories. Over 12 weeks you will develop many skills needed to make a piece of theatre that will also help you for life. You don't necessarily have to be front-stage. Our aim is that *your* piece of theatre will be performed as a work in progress to the rest of Guys Marsh and invited guests.

Eventually we would like your performance developed further into an exciting, important piece of touring theatre. But we shall tell you more about that in our presentation after which there will be a question and answer session where you can ask us more.

AsOne hopes you are as curious as we are about this special journey, and so we look forward to meeting you at the presentation.

Best wishes

Jane McKell - *Artistic Director, Producer, Facilitator, AsOne Theatre Company*

Louise Peters - *Professional Actor, and Associate AsOne Facilitator*
